Department of Chemistry Organized
Industrial Visit on
19th January 2023
Rajarambapu Sugar Factory, Rajaramnagar, Urun-Islampur
Report

Department of Chemistry, Yashwantrao Chavan Mahavidyalaya, Islampur organized an Industrial visit to “Rajarambapu Sugar Factory, Rajaramnagar, Urun-Islampur” on 19th Jan 2023 for B.Sc. – III Chemistry Students. Students also visited the liquor department of the factory.

The authority showed the factory and gave information about all the manufacturing processes of making sugar from sugarcane. Total 37 students and 6 staff members were visited the factory under the observation of Head of Department Asst. Prof. Priyanka Patil, Asst. Prof. Sayali Kulkarni, Asst. Prof. Prajкта Kadam, Asst. Prof. Neha Atugade, Asst. Prof. Arti Dhotre, Lab Asst. Sandip Valase.

The journey to the visit started at 10.30 a.m. from college premises. After completion of some initial formalities, a security guard of the factory took us to the concerned authority. The authority member showed and gave information about all the manufacturing processes of making of sugar from sugarcane (i.e. raw material to final product).

Then department students visited to the liquor project of the factory. After collecting information of liquor project, the visit was ended there.

The Honourable authority member offered us sugarcane juice. The sugar factory was continued for three hours.

The information got was useful to understand the concept of waste management, reuse and recycle. Students were interacted to speaker and tried to clear all their doubts. Head of Department Asst. Prof. Miss. P. V. Patil thanked to authority for giving permission and helping to give information to students.
